COURSES OFFERED FOR

# 16

# WEEKS

### ABOUT US

At CompTIA Tech Career Academy, we'll help you land—and succeed in—an IT job. We train students with little-to-no information technology experience and give you the technical and soft skills to launch your career.

### WHAT TO EXPECT

- Training
- Opportunity to earn CompTIA A+ Certification
- Career services

Not only do we train you and help you get certified, we even assist in your job search.

### FINANCIAL AID

Grants to cover as much as the full tuition are available to qualifying students.

Low-interest-rate student loans are also available.

### COURSE INFO

The Online Campus classes are part-time for 16 weeks, Monday-Friday, 9am - 12pm CT or 6pm - 9pm CT.

CompTIA Tech Career Academy (CTCA) provides career services and job placement assistance to enrolled students and school graduates. CTCA does not guarantee placement or employment to its applicants, students, or graduates. CTCA instructors and staff are advised to ensure that no such guarantee is ever made or implied in any advertising, brochures, and statements to applicants, students, and graduates.

CompTIA Tech Career Academy is a 501(c)(3) subsidiary of Creating IT Futures Foundation. As a charity established in 1998 by CompTIA, the information technology trade association, Creating IT Futures helps people improve their lives through tech careers. CompTIA Tech Career Academy is a private vocational institution that is approved to operate by the Private Business and Vocational Schools Division of the Illinois Board of Higher Education.
